### Guiding Principles

Guiding Principles are the broad philosophies that guides you throughout your life in all circumstances. Each month we want to focus on one guiding principle with all of our staff and students. For the month of January our focus will be on adaptability. Adaptability is the ability and willingness to change. To put oneself in harmony with changed circumstances. To be ready and willing to adjust as necessary to the changes in people and circumstances that arise in daily life.

We all have been through a lot of change in the last semester. We have moved to

a new building and are learning how to use new technology. Are you able to adapt to all of the changes? Focus on being adaptable and you will soon find that the “impossible” will suddenly be “possible.”

On February all students and staff will have the opportunity to see a Camfel Production called “Charting Your Course.” This is our opportunity to see how taking leadership over our own lives can change our course of life. We are in control, but we need to “chart our course.”

### Finals Week

Remember to do your best on all of your finals. Come to school prepared and ready to give it your all. Remember that everything is possible if you adapt and apply yourself. We are here to help you if there is anything we can assist you with.

### Student Drop Off

When dropping your child off at school in the morning. Please enter at the west entrance. After dropping your child off at the Main Office please exit back out the same west entrance. Please do not exit out on Union Street.

Students please make sure that you always enter at the stop light on 10th and Union Street. Also, please exit out on Union Street.
