- Reading:** read 10 minutes tonight. After you read, have an adult sign your log and strike paper!
- Math:** 49B Subtracting 0 and a number from itself, remember to practice your facts for 5 minutes
- Word works:** This week's words: review all words we have had so far- there is no review test, but we will be moving on to other vowel sounds and it is important to know all the short vowel sounds and word families. - ☺ Right now in reading we are working on using patterns in books to help us read smoothly. We are also working on reading with our best storytelling voices. If your child is reading at a 7-8 or above, we are working on only pointing to the words with our fingers when we are stuck. It helps us to read more smoothly when we only use our eyes!
